Source Approval List For Source Name A-LINE PRECISION TOOL LTD , Current Approval Date - Total Records Returned = 2

Click on Hyperlink to get more information; Export this information by clicking on Excel icon; Print this information by clicking on Print Button.

Selection checkboxes on left are available to select specifications to add to a Source. Go to bottom of screen to proceed with a request for a new supplier approval (RFA).

Data Displayed at a time Page: of 1

Expiration date is calculated based on Honeywell Audit, Nadcap, SCA, and Export license expiration as applicable.

If APSL Approval is expired, Supplier is not permitted to manufacture Honeywell product using the expired process after the expiration date nor ship product processed by an unapproved or expired special process source.

Select	Expiration Date	Specification Number	Spec Description	Export Restricted	Type	Grade/Other	Category	Usage	Part Number Specific	Restrictions/ External Comments	OneSource ID	Source Name	State/Province	Approval Date
					Class	Scope	Family						Region	
<input type="checkbox"/>	21-SEP-11	NM.EDM	NM, ELECTRICAL DISCHARGE MACHINING	N		ELECTRICAL DISCHARGE	NONCONVENTIONAL MACHINING	S	N		201581311	A-LINE PRECISION TOOL LTD	ONTARIO	07-APR-09
					AC7116/3	ELECTRICAL DISCHARGE MACH						CANADA-MIDWEST		
<input type="checkbox"/>	21-SEP-11	NM.EDM.PN.EX_USA	NM, ELECTRICAL DISCHARGE MACHINING	Y		ELECTRICAL DISCHARGE	NONCONVENTIONAL MACHINING	S	Y		201581311	A-LINE PRECISION TOOL LTD	ONTARIO	07-APR-09
					AC7116/3	ELECTRICAL DISCHARGE MACH						CANADA-MIDWEST		

Notes :

- The specification selection details will be lost if you go back to the Search Screen.
- Specifications which are Obsolete, General and NO APP cannot be selected for adding to new source. Hence checkboxes are not provided against these records.
